

# Selectboard Meeting August 25, 2011

## **Boat Launch** (North End of the Lake)

Attendance: Peter Magnant, Yvon Dandurand, Kyle Lothian, Peter Kittle

Peter Magnant called meeting to order at 7:00 pm

First order of business was to measure 250' from the east side of the boat launch. 250' is approximately at the telephone pool on the opposite of the road before the first camp. On the lake side it is at the edge of the weeds in the lake.

Kyle and Peter K discussed what was out just beyond the boat launch. Discussed putting in riprap to restore washed out portion of shore and road shoulder. Would like to see VT Fish and Game repair this as part of their lease.

Peter K asked if the state would allow fireworks to be launched from the boat launch as they currently are. Need to have this resolved before leasing to F&G.

Discussed if the state would extend the shoulder on the opposite side of the road from the boat launch. Would like to see it extended the same 250' as the boat launch area.

## **Town Hall**

Kyle priced getting wrought iron railings for the front steps of the town hall. Kyle/Peter K made the motion to buy and install a wrought iron railing for the front steps of the town hall for a cost of not more than \$150.00. 4-0 All voted in favor.

Discussed road side trimming and renting a tractor and mower to accomplish this from Harvest Equipment.

Peter K commented the road crew has been working on the grader.

Kyle made the motion to adjourn Peter K seconded. 4-0 All in favor.

Meeting adjourned at 7:24pm.

Respectfully Submitted,  
Peter Magnant, Vice-Chair
